

Collection Development Interest Group – 2010-2011 Annual Report

The Collection Development Interest Group spent time this year planning an e-books meeting for this spring, which still may be held this coming fall. Several of our planned speakers had other obligations. Currently CDIG has a plan to distribute a very short survey of possible topics of interest that our members can prioritize. We also are reviewing the data from the professional development survey distributed this winter for possible topics of interest. These include streaming media and creating a good e-reference collection, which were both topics discussed in CDIG in the last year or so.

Leslie Button has resigned as Committee Co-Chair as she will be serving as Vice President/President Elect this year. We will announce a new co-chair shortly.

Respectfully submitted,

Amy Lewontin

Co-Chair

Collection Development Interest Group
